QUEEN CHARLOTTE COAL MINING

COMPANY (Limited).

NOTICE IS HEREBY GIVEN THAT

the 8th Quarterly General Meeting of the Share-

holders of the above-named Company will be held in the

Council Chambers, corner of B and A Streets, Victoria,

on Wednesday, the 21st instant, at 1 o'clock

p. m.

Thursday Morning, April 22, 1869.

THE communication of our correspondent "M. R." will convey to our readers as good an idea of the total absence of all energy on the part of the Executive here, and its natural consequence—the apathy of the people themselves—as we could demonstrate in the ordinary limits of an article. We are told—which we do not pretend to gainsay—that our population is composed of a very superior class of people for intelligence and enterprise; yet they are content to allow industrious men to come here and go away again because they cannot find employment, although we are thoroughly convinced that any amount of mineral wealth exists on this Island, to say nothing of the Mainland, a great part of which is still unexplored by the white man. The question very readily suggests itself, what kind of a superiority and intelligence do we possess that makes us so careless about the very land we live in? Is there some hope that in course of time the country will develop itself and convey to us all the requisite information? Or, are we a community of Micawbers and waiting for something to turn up? One might almost think that the something to turn up would turn out to be an earthquake, we appear so reluctant to penetrate the interior of this little Island. Were we living on one of the Philippines, where the high mountains and trackless swamps are infected by the most venomous reptiles, and the wild animals are of the most formidable character, we should have some excuse; but here our greatest difficulties do not exceed those that are met with by adventurous tourists in Scotland, with a climate very far its superior: the most inaccessible portion of this Island is not more than thirty miles from the seacoast. The fine bays and inlets on the coast of the Mainland are only known by the inequalities on the map, and are absolutely being used as fishing stations by our neighbours, while we are regaling one another with elaborate discourses on the hard times. (?) We suspect that many of those who complain most bitterly about the hardness of the times, are like the old country farmers who are always heard to growl the most in the most successful seasons. Whatever may be the reason of our very incompatible qualities, when we consider our remarkable superiority in intelligence and enterprise, the facts are still the same; we have a country unexplored that is very likely to be valuable as mineral lands, and if we are disinclined to develop them in consequence of the very conservative peculiarities of our unique government, we might—as the expense of ascertaining the extent and character of the mines would be small, (vide communication) allow somebody to do it for us. We shall be always making expenses until, by some lucky turn in the wheel of fortune, we find a government that we can afford to pay, and one that by its energy and promptitude in securing to the people of this Colony every possible advantage, will make the institution a real source of profit to the people. We comment, therefore, the proposals of "M. R." to our citizens, and trust that they will be at once complied with. "M. R." will doubtless be ready to give every satisfaction in relation to the amount of work done, and by arranging for constant communication with some one here who is well up in the topography of the coast, anything novel in relation thereto can be carefully noted. The outlay in money and "grub" will be a mere bagatelle when spread over a number; and a few acres of land that will secure hardworking settlers to our community should be given without hesitation. There is another exploring party that our commercial people should at once set on foot. We allude to the exploration of the Selkirk range for a practicable route as a continuation of the Eagle Pass road; if, as is supposed, there is a good, practicable line for a road through these mountains, there will be no difficulty in having the permanent way constructed. There are people ready to make the roads for right of charging a small toll for a stipulated number of years; and if a good, reliable party of explorers, headed by a man in whom confidence could be placed, were to start out, the road might be constructed this season. It is of no use depending upon the government taking the necessary steps; if we do so the result will be disappointment and loss to the Colony. Every argument was used last session to induce the government to move in the matter, and certain promises were made; but, alas! for the promises of our Executive. Experience has taught us to place very little reliance upon them. If any

large sum of money as a necessary outlay was involved in the affair, we should of course attribute the delay of the authorities to a possible want of means; but that is not the case; a small outlay would accomplish all that is necessary and be of incalculable benefit to the Colony.

By Electric Telegraph.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DISPATCHES

[From our Special Reporter.]

SAN FRANCISCO, April 19.

We beat the St. George's Club to-day by twenty-two runs. J. B.

Eastern States.

CHICAGO, April 15.—The Tribune's special says that Farrand, nominated Valparaiso and Gen. Caldwell, nominated to Calhoun, will be changed.

Many persons regret the removal of Ross Browne, and the Pacific coast Senators talk of fighting Howard's nomination. It is understood that Fish, Secretary of State, does not represent the views of the Administration relative to Cuba, and he has been overruled by the President.

In the Senate to-day, resolutions were submitted authorizing the Secretary of the Navy, with the consent of the Columbian Government, to cause a thorough survey to be made for a railroad or ship canal across the Isthmus of Darien from San Miguel to the Gulf of Arabia.

The following nominations were made to-day, M. M. Delano, Consul to Foo Chow. The Senate has confirmed the following Ministers: Curtin, to Russia; Thos. H. Nelson, Mexico; Consuls Charles A. Sheppard of New York, Yeddo; Charles E. Perry of New York, Aspinwall; Consuls General Freeman, H. Morse, London; J. M. Reed, Paris. Motley's instructions are being prepared. He will take his departure very soon. It is understood that the instructions confirm Gen. Grant's publicly expressed views regarding the habits of England for all property destroyed by the Alabama. It is thought he will be given a wide range for the negotiations of future treaties.

The World thinks an extra Congress will be called within sixty days undoubtedly for the consideration of the Annexation of Cuba, either peaceably or forcibly.

Europe.

LONDON, April 16.—In the House of Commons to-night, in accordance with previous notice, Mr. Gladstone moved to go into committee on the bill for the disestablishment of the Church. Mr. Newgate, a Conservative member from North Warwickshire, moved an amendment that the House go into committee on the bill six months from the present date, which was equivalent to postponement. A lively debate ensued, during which Mr. Ayrton, Liberal member from Kirkcaldy, who voted with the majority when the bill passed a second reading, created a sensation by stating his objections to the clause in the bill providing for the support of Maynooth College. A scene of great excitement followed; when it subsided the discussion was renewed and lasted for six hours. At the conclusion of the debate the House divided on Mr. Gladstone's motion resulting in 335 for, to 229 against, when the House formally went into a committee on the bill and then adjourned.

The Newmarket Beneficial Stake was won by Bluegown, who was the victor in last year's race.

California.

SAN FRANCISCO, April 21.—The Cricket match to-day between the Victorians and the Pioneer Club, of this city, was won by the former, who had seven wickets to spare at the conclusion of the game.

SAN FRANCISCO, April 18.—Flour \$4 75 @ 5 72½ for Oregon extra. Wheat—\$1 60, for choice; other descriptions, \$1 55 down to \$1 30. Barley—\$1 65 @ 2 00. Oats—Choice, \$1 95 @ 2 05 for California and Oregon. Gold—132½ @ 133½. Arrived—Bark Onward, Utah; ship Mary Glover 15 days from Port Discovery. Sailed 16—Bark Moneta, Port Orchard. The sailing of the steamer Continental for Portland is postponed until Tuesday at 4 p.m.

Oregon.

PORTLAND, April 19.—On Friday night Capt. Connor of the steamer Oriflamme, while stepping from a higher to a lower portion of the sidewalk, fell violently, dislocating his ankle and fracturing the bone.

The work of dredging the channel at the mouth of the Willamette is progressing rapidly.

The steamer Oriflamme with Ben. Holladay's excursion party sails for the Sound to-morrow.

The weather continues stormy. Heavy rains have fallen during the past week.

Second Dispatch.

Europe.

LONDON, April 17.—The debate in the House of Commons on the Church Bill was resumed last evening, when Disraeli moved to omit the following clause from the bill: On and after the 1st January, 1871, said union created by the Parliament between the Church of England and Ireland shall be dissolved, and shall cease to be established by law. Disraeli supported his proposition at length, and contended that the above clause destroyed the supremacy of the Crown, and placed the Church at disadvantage. Sir Robert Collier and Sir Roundell Palmer spoke in opposition to the amendment. Mr. Gladstone also spoke against it, criticising the statements made by Disraeli. He thought notwithstanding this clause the supremacy of the crown would continue to exist, but in an altered form. If this amendment was successful it would absolutely destroy the bill, and the union of the Churches would continue, but that union must be enforced by Parliamentary bonds.

Disraeli replied, and admitted that his intention was to strike a mortal blow at the bill; but if the motion was accepted the government could still continue their disengagement policy.

The vote on the motion was—221 for and 334 against, and was received with tremendous cheers by the Liberals.

FLORENCE, April 17.—The bill for reorganizing the army, now before Parliament, gives the active strength at 400,000 men.

MADRID, April 17.—The National Cortes has agreed on the first Article of the Constitutional Amendment. The substitution of the words—"People of the Nation" for "People of the Monarchy," in the 4th Section. The committee on the Constitution has postponed a decision as to the form of government.

WASHINGTON, April 19.—The following were among the nominations to-day: H. H. Millard, of Arkansas, for the Sandwich Island, Consulship; Wm. A. Howard was confirmed as Minister to China. The Senate confirmed Edward McCook as Governor of Colorado; C. E. Crowe of Alabama, as Governor of New Mexico.

NEW YORK, April 19.—A Washington special says, it is confidentially declared that a preemptory demand will be made on the Spanish authorities of Cuba for the immediate release of the brig Mary Lowell and the surrender of the two passengers taken from the Izzia Major. A refusal of the demand will be followed by hostile demonstrations by the navy.

The Philadelphia Navy Yard has received orders for the immediate fitting out of the monitors now there.

The Herald's Washington special declares that the Government is making active preparations for war in Cuba.

The Tribune's special says the Government will preserve strict neutrality.

CHICAGO, April 19.—A Tribune special says: Beverdy Johnson asks to be allowed to remain till August, but his request will not be granted. It is probable our Government will allow the British Government to make the next advances for the settlement of the Alabama claims and negotiations will be transferred from London to Washington.

It is generally believed that the Senate will adjourn on Wednesday.

There is no doubt that a Cuban expedition is preparing; but it will not sail from New York but from some point further south.

NASHVILLE, April 17.—A Republican meeting in Blount, Conn., recently denounced the nomination of Gen. Longstreet as an injustice to the widows and orphans of loyal Tennesseeans.

NEW YORK, 19.—The Herald's New Orleans special says a formidable organized expedition is preparing for Cuba beyond a doubt; General Steadman will probably be the leader. Collector Casey, who is brother-in-law to President Grant, says he don't want to hear or know anything about the expedition. The District Attorney appeals to Washington for instructions and receives only vague and general ones.

NEW YORK, April 19.—A Commission is preparing to erect a monument in Central Park to Humboldt. Permission has been granted by the King of Prussia to make a casting of a bust from one being made in Berlin.

Mexico.

Mexican advices state that the revolutionists of Sonora would declare for annexation to the United States. Other northern States favor the same course. Reports of a quarrel between Rosecrans and Juarez are unfounded. The revolution in Sinaloa is increasing. Jesus Maria had 4000 men, and had pronounced against the Government.

Cuba.

HAVANA, April 19.—The Catalonian volunteers have arrived and were received with immense enthusiasm. Two negro spectators shouted "Viva Céspedes," and were instantly killed.

California.

SAN FRANCISCO, April 19.—The ship Czarzewich, lately seized by the Collector of the Port of Sitka, was released to-day, having violated no law.

Arrived—April 18—Steamer Ajax, Portland; ship Czarzewich, Sitka. Sailed—April 17—Schooner B. H. Rame-dell, Trinidad; brig Olga, Sitka; schooner F. L. Steele, Sitka. April 19 h—Schooner Clara Light.

New York gold 133½.

Oregon.

PORTLAND, April 20.—The Telfair arrived this morning and the Wright yesterday morning. The Oriflamme sails for Victoria at 2 o'clock to-morrow (Wednesday).

DURING a concert in the Boston Music Hall recently, when the organist was "exhibiting the full power of the instrument," a lady was enthusiastically conversing with her neighbor about her household arrangements. She suited the tones of her voice to those of the organ. The organist made a sudden transition from "ff" to "pianissimo," and quietly, the audience was somewhat amused at being informed by her, in a short, "We tried ours in better!"

ASSISTED

FEMALE IMMIGRATION.

FAMILIES DESIROUS OF OBTAIN-

ing Female Servants from England under the Govern-

ment Grant, are requested to send in their applications

addressed to the Immigration Office, Victoria, on

or before the 1st May next. In the present early stage

of the movement only a limited number can be cleared.

The whole expense of bringing out a servant is esti-

mated at \$15; of which the Government will pay a part

and the Applicant the balance, viz., by two promissory

notes of \$50 each; one payable on demand on receipt of

information here of the sailing of the ship, and the other

to be paid on demand on arrival of the ship.

It is proposed to pay to each person wages at the rate

of from \$10 to \$12 a month, \$50 of that portion of the

Passage Money advanced by the applicant, to be repaid

by instalments out of the wages of the female immigrant,

who will be bound for two years.

Persons desirous of sending their friends in England to

select their servants for them instead of the Committee

in England, can do so under the arrangement of the

Board.

Printed forms of application may be obtained at Messrs

Hibben & Co's and at the Post Office, Victoria, and at the

various Post Offices of the Mainland.

The Board of Immigration will be happy to further the

wishes of persons in the Colony who may be desirous of

taking advantage of the opportunity thus afforded of

bringing out relatives at their own expense.

By order of the Board.

Calves, Horses, &c. &c.

**From the Mainland—\$90,000 in
Treasure Arrived.**
The steamer Enterprise arrived at 6 1/2
o'clock last evening from New Westminster,
bringing 18 passengers, Barnard's Express
with \$70,000 and a Government mail.
There were also \$20,000 in private hands.
Among the passengers were Mr. Cunningham
of New Westminster, Dr. Foster, of Clifton,
and Mr. Schorling of Quesselmouth.
The upper river steamer Enterprise was to
have made her first trip yesterday. The
water in the river opposite Soda creek was
low, and the ice all gone. The farmers at
Soda creek had got their seed in and the
yield, it is anticipated, will exceed that of
any previous year.

From Clinton, we learn that there was no
snow on the ground and that no rain had
fallen of late. The farming prospects are
very encouraging. At Yale there have been
heavy rains, and a portion of the wagon road
was washed away. Bent's packtrain (the
first of the season) left Yale for Keithley
creek on the 15th. Land near Boston Bar is
worth \$160 an acre, and hay, \$60 per ton.
The Yale Examiner estimates that from \$20-
000 to \$30,000 in dust was dug from the
bars of Thompson river last winter. Silver
ore has been found near Lytton; Hunter &
Co. have secured some rich specimens.

MINING INTELLIGENCE.
[From the Sentinel, April 13.]
The Cariboo Co. washed last week 87 oz;
Canadian Co. 80 oz; Barker Co. 60 oz;
Baldhead Co. 50 oz.

CONKLIN GULCH.
The Eclipse Co. have not got into their
own ground yet; they have been running
through a point of bed rock.

STOUT GULCH.
The Coombs Co. have commenced wash-
ing from their tunnel, with good prospects.
Jenkins Co. have just bottomed their shaft
over the back channel. Hill claims have
been staked off by some of the companies
below, under the impression that the old
channel is in the hill on the south side of
the gulch.

MOSQUITO GULCH.
The Minnehaha Co. has commenced work
on top and looks well. Last week they
divided 30 oz above expenses.

From the Sentinel, April 10.
The Barker Co. washed last week 74 oz;
the Canadian Co. 66 oz; Cariboo Co. 60 oz;
Baldhead Co. rocking below, 30 oz.

STOUT GULCH.
This gulch has been the scene of much
excitement during the last week, in con-
sequence of what is supposed to be a con-
tinuation of the pay got by the Coombs and
Jenkins companies having been struck by the
Floyd company in the bank. Several
claims have been, in consequence located in
the lower part of the gulch; and the flat at
the head, between the divide and the Black
Bull Co.'s ground on Lowhee, has also been
staked off. The Coombs Co. are in good
ground, and washed last week 70 oz. The
Floyd Co. washed 23 oz. from a small quan-
tity of dirt off the high bed rock alongside
their original claim. This gulch will, it is
expected, yield largely next summer.

CONKLIN GULCH.
Nothing new has been struck. The
Eclipse tunnel has not yet got to. A com-
pany called the White Pine has been located
at the head of the gulch. The Renfrew and
Indian Queen are working, but cannot wash
dirt to advantage, in consequence of scarcity
water.

MOSQUITO CREEK.
The Minnehaha Co. are getting good pay
out of the "ghost" shaft. They divided
last week 75 ounces over expenses.

QUEENSLAND RIVER—NORTH FORK.
The water on the North Fork being lower
this winter than for many years, several
companies have taken advantage of the cir-
cumstances and put in wing-dams, and a
good deal of money is being taken out. This
section, with the creek adjacent, will be
settled during the coming season, and antici-
pations of results are sanguine. Provisions,
which have been very high all winter, are
becoming more plenty, flour at Keithley be-
ing now offered at 35 cents.

MISCELLANEOUS.
A company has been formed at Soda creek
and Quesselmouth to prospect the head
waters of Fraser and Peace Rivers, and the
Government has given instruction to Mr
Brew to contribute an equal amount to what
is raised by the company, if not exceeding
five hundred dollars, towards the expenses of
the expedition.

A most daring robbery was perpetrated
on Monday last at Conklin Gulch. Mr John
Reese, a shareholder in the Indian Queen
company, on going to work in the morning
left in the pocket of his coat, in his cabin, a
pocket book containing \$150 in bank notes
and a specimen. On returning to dinner at
noon, he forgot to take it with him as he had
intended, but in the evening when he came
from work, he went to the coat pocket and
found the pocket book there, but the notes
had vanished.

The suit of the Barker Co. vs. the Cana-
dian Co. for alleged trespass, was decided
in favor of the defendants. The suit of the
Sawmill Co. vs. the Erickson Co., to recover
\$2,000 for alleged trespass, was decided in
favor of the plaintiffs—the ground in dispute
to be surrendered by defendants, who must
pay in addition \$500 as damages.

The Isabel was passed by the Enterprise
yesterday. She was towing down a coal
laden bark, supposed to be the Washington
for Kodiak.

"THE CHERUB IN THE AIR."—They have
got a magician (Mr. Hartz) at San Francisco,
who produces on the stage one of the strangest
and most unaccountable optical illusions ever
exhibited. The curtain rises and you see
the head and shoulders of a beautiful angelic
being, poised among the azure clouds, with
wings unfolded. The body has faded away
like a mist, and the face is so sweet as to
seem not of this earth. It appears like a
fairly dream. You are awakened to the
reality by Mr. Hartz desiring the fairy be-
ing to turn her head to one side and again to
the front. A distant shadow is thrown on
the clouds in the background from a power-
ful gas-light reflector stationed between the
audience and the "cherub." The shadow
moves as the head moves. If you remain
quite still it appears that the head and
wings are emerging from the clouds. But
by changing position it is seen that the
"cherub" is some distance in front of the
clouds. The "cherub," upon being asked if
she can talk, distinctly answers: "I can."
The audience, by request, move around the
room, and then to within a few feet of the
stage, and every change of position intensi-
fies the delusion. Nothing can seem more
real than that there, within the distance of
a few feet, is poised in mid-air the head and
wings of a real and beautiful being, with
features lit by a quiet smile, with expressive
eyes, with everything as perfect, to all ap-
pearance, as are the very acquaintances of
every-day life. And the curtain rolls down
leaving you in doubt almost as to the fact of
your own existence, and quite as to the de-
gree of credence worthy of being given to
your senses.

REGISTRATION OF FOREIGN SHIPPING.—
Our close proximity to the ports on the
Sound where shipbuilding is carried on so
largely, may render a knowledge of the Im-
perial Act respecting the registration of
foreign vessels of importance to our com-
munity; we therefore append the Act 31
and 32 Vic., Cap. 129, passed 31st July,
1868.

1. The Governor or Officer lawfully ad-
ministering the Government of any British
Possession may from time to time, with the
approval of one of Her Majesty's principal
Secretaries of State, make regulations pro-
viding that on an application for Registration
under the Merchant Shipping Act, 1854,
in that possession of any ship not exceeding
sixty tons burden, the Registrar may grant,
in lieu of a Certificate of Registry as re-
quired by that Act, a Certificate of Registry
to be terminable at the end of six months
from the granting thereof, or of any longer
period; and all Certificates of Registry
granted under such regulations shall be in
such form and shall have effect subject to
such conditions as the regulations prescribe.

2. Notwithstanding anything in the Mer-
chant Shipping Act, 1854, or in any other
Act, any ship to which a certificate is granted
under any such regulations shall, while
such Certificate is in force, and in relation to
all things done or omitted during that period,
be deemed a registered British ship.

3. The Governor of any British possession
abroad may from time to time appoint fit
and proper persons to be Surveyors, who
shall have and exercise within such pos-
session all the powers with respect to the
inspection of Crew Spaces that are conferred
upon the Board of Trade Surveyors in the
United Kingdom by Section Nine of the
Merchant Shipping Act, 1867.

THE TARIFF REVISION COMMISSION.—A
meeting of this body was held yesterday,
the hon. Collector of Customs in the Chair.
We understand that the Commission will in-
vite the opinions of merchants, manufactur-
ers, farmers and others, and that it is their
intention to revise the tariff in a manner
that shall prove beneficial to all interests.
In this connection, we observe that an im-
pression has gone out that the change will
be immediate. This is erroneous. No
change can possibly be made before the next
meeting of the Legislature, or, at least
until the report of the Commission shall
have been submitted, and an order thereon
convened to pass upon the report; and then,
if the Governor has received instructions
to refer all proposed changes in the
Tariff to the Home Government, the revision
Tariff cannot come into force until the
Colonial Office has examined it. We hope,
sincerely hope—that the appointment of
this Commission is not a sop thrown out to
lay the indignation that has been kindled in
the breasts of all good citizens against the
Executive in consequence of its inactivity
and heartlessness.

**ANOTHER CONCESSION—SHIPS TO BE SUP-
PLIED DUTY FREE OUT OF BOND.**—We un-
derstand that orders have been issued to
permit the supply of ship with stores out of
bond duty free. This is another move in
the right direction. Let the good work go
on. The *voz populi* is at last being listened
to. Well would it have been for the Exe-
cutive and the Colony had it received the
same respectful consideration years ago.

FOR THE NORTH.—The Hudson Bay Com-
pany's steamer Otter will sail for Nanaimo,
Fort Rupert, Queen Charlotte Island, Fort
Simpson, &c., on Monday next. Among
her passengers she will carry Mr. George
Robinson and 18 men for the Queen Char-
lotte Coal Company. At Saanich the Otter
will take on a quantity of lumber for the
same company.

STEAMSHIP MOVEMENTS.—A message
received by Mr. Brodick, Agent, last evening,
stated that the steamship Oriflamme sailed
from Portland for Victoria at 2 o'clock yes-
terday afternoon, and that the Gussie Tel-
fair would leave for Victoria on Friday eve-
ning.

THE POTLATCH.—Two or three small po-
tatches of blankets and muskets took place
yesterday at the Songish Reserve. Today
the men will be presented with gifts, on Sa-
turday the dusky maids of the forest are to
come in for their share of the good things.

**THE ENTERTAINMENT AT THE MECHANIC'S
INSTITUTE.**—Another of these delightful
soirees, provided with so much taste by the
Committee of Management of the above In-
stitution, took place on Tuesday evening
last. The opening glee "Hail Smiling
Morn," by Messrs. White, Fox, Jenkins
and Wilson, was nicely executed and well
received by the audience. Hon. P. J. Han-
kin followed by reading the history of little
Dombey from Dickens' Dombey and Son.
The affecting little story is well known, and
probably none of those exquisite touches of
domestic life for which Dickens is celebrated,
can exceed it in beauty and pathos. How
the strange, weirdlike little spirit seemed to
fascinate everyone that came within its in-
fluence, and how like the receding strains
of music it faded away into the spirit world.
The strong ties of affection that subsisted
between the child and his sister "Floey," the
pompous self complacent merchant, Mr.
Chick, who insisted on the dying mother of
little Paul making "an effort," are all de-
scribed as Dickens alone can describe them,
and read in the clear, distinct tones, modu-
lated to suit the person represented as
speaking, pleasure than that of hearing Mr.
Hankin in these charming readings. There
could be no doubt as to the effect on the
audience, everyone was deeply moved and
applauded Mr. Hankin at the close with
heartly goodwill. Messrs. White and Wil-
son sang a fine old ditty "The Manly Heart,"
to which they imparted a finish that made it
in our opinion the *morceau* of the evening.
A trio on the flute was remarkably well
played by Messrs. Leigh pere & fils for which
they received a merited encore. They were
succeeded by Messrs. White, Fox, Jenkin-
son and Wilson, who sang a sparkling quartet
"Banish, O Maiden," with such spirit that
they received a rapturous recall to which
they responded after a short intermission by
singing the "Mill Wheel." They afterwards
rendered the "Day Slowly Declining," ex-
hibiting in each case great knowledge of
musical effect. Miss Palmer sang a sweet
little song "Give me thy Blessing," and
pleased the audience so much that she was
loudly encored. The song, without showing
a great deal of originality, is pretty and
will always be a favorite. A very pretty
song was sung with much sweetness by Miss
Palmer (the title of which we did not catch)
in response to the encore, which pleased the
auditory, who expressed their thanks by
loud plaudits. Mr. Hankin then read "The
Schoolboy's Story" by Dickens, with his
wonderful facility and clearness of enuncia-
tion. The effect on the audience might be
distinctly noted in the changing expression of
the faces of the listeners, and their wrapt
attention. Mr. Hankin was frequently ap-
plauded during the recital, and at the con-
clusion received the unanimous and loud
expression of general appreciation. The
whole of the vocalists joined in singing
"God Save the Queen," in which they were
supported by the audience. Mr. Digby
Palmer presided at the piano, and enlivened
the evening by the performance of several
choice *morceaux*. The audience included a
great number of ladies, who seemed to enjoy
the entertainment with more than ordinary
 zest.

**PASSENGERS EXPEDITION FOR PEACE
RIVER.**—The citizens of Quesselmouth and
Soda creek district have succeeded in rais-
ing about \$1100 to equip a party for the
purpose of exploring the headwaters of Find-
lay's branch of Peace river. The govern-
ment has offered \$500 additional; but we
understand that \$1000 has been asked for.
It is proposed to send six or eight old miners
with a twelve months' supply of provisions
and otherwise fully equipped for work. The
route which they will probably take will be
through Stewart's Lake to Lake Tatla, and
thence northwesterly to the streams which
flow from Findlay branch. Among those who
are expected to go are named Duncan Mc-
Cormick, James May, Black Jack and others
as old prospectors. We think that this
move will result in developing a large
and rich gold region.

FOR PORT SOUND.—The steamer Wil-
son G. Hunt and Eliza Anderson sailed
hence for Puget Sound yesterday noon. The
Bishop of Columbia and Mrs. Hills sailed by
the Hunt. They were met on the wharf by
a large number of friends, who bade them
"God speed" on their journey. Among
the passengers by the Eliza Anderson was
Mr. L. Lowenberg, one of our pioneer citi-
zens, who makes his first visit to Puget
Sound.

THE VEX'D QUESTION.—Yesterday, in the
suit of Dickson, Campbell & Co. vs. R
Woods, affidavits were read by Mr. Wood
on behalf of the plaintiffs, and the Chief Justice
decided that the nature of the case was such
as to require the presence of Chief Justice
Begbie on the bench. The case will, there-
fore, be tried by Mr. Begbie. We are glad
that this suit is at last in a fair way of set-
tlement, and we believe that in declining
to sit and hear the case Mr. Needham has
acted with wisdom.

THE ODD FELLOWS' FESTIVAL.—The pre-
sentation of a banner to Victoria Lodge, No.
1, I. O. O. F., will take place on Monday
next, at 3 p.m. An address will be deliv-
ered by Rev. Thomas Somerville. The ban-
ner is the gift of the Sisters of Rebekah.
In the evening a ball will be given at the
St. Nicholas Hall.

GO, GO, GO.—Ex-Governor of Wash-
ington Territory and Secretary for Ben.
Holladay's line of railroad for Puget
Sound, is in town awaiting the arrival
of the steamship Oriflamme from Portland.
News.

THE ODD FELLOWS' FESTIVAL.—The pre-
sentation of a banner to Victoria Lodge, No.
1, I. O. O. F., will take place on Monday
next, at 3 p.m. An address will be deliv-
ered by Rev. Thomas Somerville. The ban-
ner is the gift of the Sisters of Rebekah.
In the evening a ball will be given at the
St. Nicholas Hall.

Bankruptcy Court.
Wednesday, April 21, 1869.
M. Munro.—Passed his second examina-
tion.
Re Macdonald.—Adjourned for confirma-
tion of sale on 27th March last of Equip-
ment property.
W. Lyons.—Adjourned for further con-
sideration after the money shall have been
paid into Court.
Dickson, Campbell & Co vs. R. Woods.—In
this case, after hearing affidavits of Mr. J.
O. Nicholson, read by Mr. Wood, the Chief
Justice consented to request Chief Justice
Begbie to try the case.

INDIAN DEPUTATION.—Yesterday a num-
ber of Cowichan Indians waited upon his
Excellency the Governor to complain of the
manner in which they have been dispos-
essed of their lands. His Excellency re-
ceived the Indians kindly. A Catholic
priest, who has labored long and successfully
with the tribe, acted as interpreter. It ap-
pears the savages are dissatisfied with the
survey made a year ago by the Government
officers. The Governor offered them facili-
ties for fencing in their land and other pri-
vileges; but the Indians still expressing
dissatisfaction, another interview was ar-
ranged for to-morrow; when it is hoped the
difficulties will be smoothed over, as a state
of feeling which bodes no good is fast grow-
ing up in the minds of the East Coast In-
dians, who believe that they have been
cruelly wronged by the alienation of their
lands.

WORTH KNOWING.—The following is go-
ing the rounds of the papers: "One of the
most annoying and painful little troubles is
a felon. A genuine remedy is worth cu-
lating. It is said that a poultice of onions
applied morning and night for three or four
days will cure a felon. No matter how
bad the case, lancing the finger will be un-
necessary if the poultice is applied. The
remedy is a sure, safe, and speedy one."

CUNARDS have lowered their rate for pas-
sage across the Atlantic, and have determined
to carry stowage passengers. The reduced
fares are cabin passage \$80 and stowage
passenger \$30. Hitherto this line have de-
clined to carry stowage passengers, but the
close competition of other companies now
renders it necessary. A new steam line is
projected from St. John in Germany to New
York. This company intends building four
steamers at a cost of \$1,000,000 in gold and
they are to ply twice a month. In addition
to this, extra steamers will be dispatched
twice a month by the Hamburg and New
York Steam Packet Company, commencing
May 1st.

A singular instance of the absurdities of
charitable bequests is furnished in London.
where some hundred years ago some good
old soul left a house and garden in the city
as a perpetual maintenance for three poor
women and a cat. The property is now
worth \$50,000 a year. The poor women and
their cat—friends of the trustees—are main-
tained; and the rest of the income, \$39,650
per annum, is expended in salaries on
uncles, aunts, cousins—appointed as secre-
taries, treasurers, chaplains, visitors, etc.,
who see to the proper distribution of alms,
catechise the old women, and stroke the cat.

The latest Spring Styles of Men's and
Boys' Straw and Felt Hats, direct from
New York and England, have just been
opened out at Adams & Beavan's, Govern-
ment street.

A. Gilmore, Tailor, wishes to inform his
friends and the public that he is selling off
the balance of his winter stock at cost to
make room for spring goods.

FELL'S COFFEE has become the favorite
Colonial beverage, and is to be found on every
breakfast table from Victoria to the foot of
the Rocky Mountains.

The U. S. revenue cutter Lincoln sailed
at 6 yesterday morning for Alaska. She
will coal at Nanaimo.

BIRMINGHAM, April 12.—A man named
Walter Blanchard was yesterday decapitated
by a wife and two girls, while in a
house of ill-fame. The women have fled.

The Supreme Court of the State of N. Y. have
issued a perpetual injunction against Eaton
and Jenkins for counterfeiting Ayer's Cathartic
Pills holding them responsible for the cruel
imposition in what they have done and restrain-
ing them from further like injury to the public.
If any class of our people more than another
needs the interposition of law to shield them
from imposture, it is the sick and suffering who
are unable to protect themselves. A remedy
so universally employed as Ayer's Pills by all
classes, both to cure and prevent disease,
should as it does, have every security the law
can afford it, from counterfeit and imitation.
(Cabinet, Schenectady.

A Beautiful and Accomplished Countess
Of the Island of Ouba, in a letter to a friend in
New York City, says: "In buying the Florida
Water for me, be sure to get the Murray
& Lamman's. I have tried various others, but
found them much inferior in every way."
It is true that unprincipled men have
counterfeited this great perfume. Therefore,
buyers should always ask for the Florida Wa-
ter prepared by the sole proprietors, Lamman
& Kemp, New York.

WALTHAM
WATCHES.
The extensive use of these watches for the last fifteen
years by Railway Conductors, Engineers, and Expre-
ment, the most exacting of watch-wearers, has through-
ly demonstrated the strength, steadiness, durability and
accuracy of the Waltham Watch. To satisfy that class
in all these respects, is to decide the question as to the
real value of these timekeepers.
The superior organization and great extent of the
Company's Works at Waltham, enable them to produce
watches, COMBINING THE BEST AND LATEST IMPROVE-
MENT, and at a price which renders competition futile,
and those who buy any other watch, merely pay from 25
to 50 percent more for their watches than is necessary.
For sale by all dealers.
No watches retailed by the Company.
ROBBINS & APPLETON, Gen'l Agents.
182 Broadway, New York.

PILLS.

Are you sick, feeble, or complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some sickness is creeping upon you, and should be

purify the system from this disease. A cold settles somewhere in the body, a cold obstructs its natural functions. These, if not removed, react upon themselves and the surrounding

and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the bowels, and thus give the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the diseased and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the bowels, they are cured by the same means, and cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. Statements from leading physicians in some of our principal cities, and from other well-known practitioners:

1856.
Dr. ALEX. W. Your Pills are the prerogative of all times and places in medicine. I have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches on her face and skin and her hair falling out. After my child was cured, she also tried your Pills, and she has cured her. ASA MORRIDGE

As a Family Physic.
From Dr. E. W. Cartwright, New Orleans.
 Your Pills are the prince of purges. They are the best I ever used. I have used them for years. They are mild, but very certain and effectual in the action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.
From Dr. Edward Boyd, Baltimore.
 DEAR SIR: I have used your Pills for you to say all that we ever treat with a purgative medicine. I place great dependence on that effect. I have cured many cases of headache, sick headache, as I do, that your Pills afford us the best have, I of course value them highly.

Dr. J. C. AYER. Sir: I have been repeatedly cured of the worst headache anybody can have by one or two of your Pills. It seems to arise from a foul menstruation, and is cured by your Pills.

Yours with great respect, ED. W. FREEBORN,
Clerk of Steamer Clarion.

Bilious Disorders — Liver Complaints.
From Dr. Theodore Bell, of New York City.
Not only are your Pills admirably adapted to the cure of biliousness, but they also remove the effects upon the Liver very marked indeed. The effects upon my practice proved more effectual for the cure of *bilious complaints* than any one remedy I have ever used. I sincerely believe that we have a length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

Sir: I have used your Pills in the treatment of a hospital practice ever since you made them, and cannot hesitate to say they are the best cathartics we employ. Their regulating action on the liver is quick and efficient, and they are the only cathartic remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious*

them. Fraternally yours, ALONZO BALL, M. D.
Physician of the Marine Hospital
Dysentery, Diarrhœa, Relax, Worms
From Dr. J. G. Green, of Chicago.
Your Pills have had a long trial in my practice and I hold them in esteem as one of the best agents I have ever found. Their alterative effect upon the liver makes them an excellent remedy, which given in small doses for *bilious dysentery and diarrhœa*. Their sugar-coating makes them very

children.

Dyspepsia, Empurity of the Blood.
*From Rev. J. V. Himes, Pastor of Advent Church
Boston.*

DR. AYER: I have used your Pills with extraordinary success in my family and among those I called to visit in distress. To regulate the organs of digestion and purify the blood, they are the most valuable remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855

DEAR SIR: I am using your Cathartic Pills in practice, and find them an excellent purgative.

CONSPIRACY, COSSIVENESS, SUPPRESSION OF MENSTRUATION, Numbness, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.
Too much cannot be said of your Pills for the cure of *conspiracy*. 14 others of our fraternity have experienced as efficacious as I they are, and I am now in proclaiming it, for the benefit of the same who suffer from that complaint, which, although not enough in itself, is the progenitor of others the more dangerous, and I believe *contradictory* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife
I find one or two large doses of your Pills, taken at the proper time, are excellent promovers of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the system*, and I believe *contradictory* to such that the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episcopal Church.
PULASKI HOUSE, South, Ga., Jan. 6, 1856.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report

[illegible]
